

WASHINGTON COUNTY DENTAL & VISION PROGRAM

The Washington County Dental and Vision Program provides limited dental and vision care for residents of Washington County who meet specific requirements.

ARE ANY OF THE FOLLOWING TRUE?

- Live in Washington County full-time;
- A full-time student 19 or younger;
- A home-schooled student through Washington County Schools;
- A full-time resident of The Arc of Southwest Alabama;
- A full-time resident of the Washington County Nursing Home;
- Participant in Washington County Senior Centers; or
- A Resident approved for the Medicaid Waiver Program wait list.

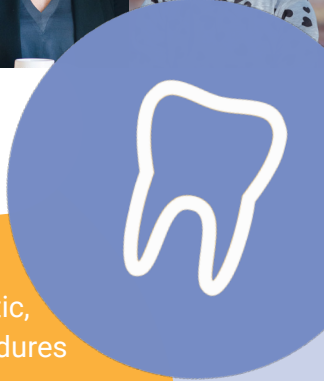

Applying does not guarantee coverage. Must meet SNAP eligibility requirements to qualify.

DENTAL CARE

Dental services are any diagnostic, preventative, or corrective procedures administered by or under direct supervision of an approved Dental Service Provider including the treatment of teeth and the associated structures of the oral cavity, oral injury, or oral impairment that may affect the oral or general health of the individual. The program will cover up to \$750 per year per patient.

VISION CARE

Vision services are any diagnostic, preventative, or corrective procedures administered by or under the direct supervision of an approved Vision Service Provider. Recipients are authorized for one pair of glasses each calendar year if indicated by an examination, a one-year supply of disposable contact lenses, or a one-year supply of permanent contact lenses. The program will cover up to \$300 per year for youth up to the age of 19. The program will cover up to \$450 per year for adults.
