DOLLY PARTON'S IMAGINATION LIBRARY

provides children with a free age-appropriate book each month from birth until their fifth birthday! The books are brand new and are addressed to the children, so they can learn to be excited about reading and build their own personal library before Kindergarten.

THE BASICS INSIGHTS is a text messaging app designed to support your child's development and strengthen the parent-child relationship. The messages serve as great reminders and sources of new ideas for connecting with your child. Standard data and message rates may apply.
